Death of Mrs. Sarah C. Calhoun.

Everybody is Looking.

Last Thursday afternoon, Mr. Leslie McFarland, son of Mr. Solo-non McFarland, and Miss Virgie Ellison, daughter of Mr. Nathan Ellison, who lives near Mt. Carmel, drove into Columbia and to the residence of Rev. R. L. Tally where they were happily married. The couple were accompanied by Mr. John T. and Miss Mary Moore. Soon after the ceremony the couple left for the home of the groom's father where an elegant dinner was spread and where a number of friends had gathered to greet them.

The groom is an industrious farmer and stands high in the community in which he lives. The bride is one of Adair county's best young ladies.

Halley's Comet Visible.

Halley's comet may now be seen on nights when conditions are favorable with the naked eye, the field glasses, according to members of the astronomical faculty at Columbia University.

The most favorable time to look for it is between 6:30 and 7:30 p.m., with the glass elevated somewhat above the point where the sun sets. The comet is at present in what the astronomers call the "twilight region." It is in line with the sun and its brightness is therefore dimmed. It will be visible all through April and May, but at its maximum brilliancy on May 18.

When the comet is nearest the earth it will be only about 14,000,000 miles away.

Preaching Next Sunday.

Mr. A. B. Lynch, of Athertonville, has been appointed Deputy Collector for the 5th Kentucky Revenue district, headquartered at Lebanon. It is the position formerly filled by Mr. J. H. Judd, of this place. Mr. Lynch has been a store-keeper ganger for ten years. He has assumed the duties of the office.

Mr. Charles Pendleton, a young man about twenty-five years old, died at the home of his parents, Mr. and Mrs. James Pendleton, one mile from Knifley, Tuesday night of last week. He was a victim of consumption and had been sick for several months. He was a young man who had many friends.

The attention of our readers is called to the "ad" of the Columbia Bottling Company, Mr. W. T. Otey, who is the manager, is making a number of fine soft drinks. His Vi-yo-Cola has become quite popular, all the grocery stores handling it. Try a bottle. It is harmless and refreshing.

Aaron Bread was before Judge Moss last Saturday, two cases, charged with selling liquor. In one he was fined sixty dollars and ten day imprisonment, and in the other he was fined six dollars. He will probably pay the fines in jail.

"Uncle" Fiem S. Carter, who lives near East, was one hundred years old last Friday, the 11th day of March. He is healthy and hearty. He has one sister, Mrs. Acre, living in this country, who is either 96 or 98 years of age. She, too, is enjoying fine health.

Mrs. Wesley, the widow of the late Josh Wesley, was adjudged a lunatic last Friday and sent to the asylum. She returned from the asylum three years ago, believed to have been restored.

Barrel Plymouth Rock eggs, 15 for 50 cents, for sale. Mrs. Ben Thomas, 19-1t. Asher, Ky.

Quite a number of sheep were killed by dogs in the Breeding country last week. Steve Coomer lost 7, all he owned. It is believed that seventy five have been killed.

T. E. Waggener sold his wife's one-fourth interest in the Sid Caldwell farm, lying near Portland, to Miss Mullie Caldwell for \$3,100.

Mr. John Thurman bought of John A. Wheeler, last week a small farm lying on Sparkville Ridge, for \$1,000.

J. W. Flowers sold W. A. Garnett, last Friday, a thoroughbred Berkshire male pig, six months old, for \$12.50.

Dr. S. D. Crenshaw sold his farm, on Disappointment, last week, to Mr. Tom Waggener, for \$1,000.

"The James Boys in Missouri" drew an immense crowd to the court auditorium last Saturday evening, every seat being filled. It is a play mastered by Cane Valley talent, each actor rendering his or her part in a faultless manner. All the male members were dressed as outlaws, each act giving a picture of western life. Bingham Moore made up as Jesus James and Mrs. Tom Moore, who acted the part of Jesus' wife, played her part to perfection. T. I. Smith, as Bob Ford, killed his old friend and comrade Jesus James. There were many other exciting scenes, each performer deserving special notice, but their names are not before us. The singing of the minstrels was very much enjoyed and the two songs rendered by a little daughter and little son of Mr. and Mrs. Tom Moore, were highly appreciated. W. W. Kerr, who is the manager, in behalf of the entire aggregation, desires to return his sincere thanks to the people of Columbia for their liberal patronage and excellent attention. The receipts of the evening, \$79.25.

Be sure and attend Dr. Crenshaw's sale, next Saturday.

Successful Operation.

Mr. Mont Cravens, who has been a great sufferer for the past month, was conveyed to Louisville last week by Dr. E. A. Waggener and his brother-in-law Mr. W. E. Bradshaw, and Friday morning he submitted to an operation for gravel in St. Joseph Infirmary, Dr. Abel using the knife. The operation was very successful, twenty-five or thirty gravel, of different sizes, removed. Since the operation family has heard from the patient every few hours all the news is favorable. Mr. Cravens will probably have to remain in the infirmary for four or five weeks before he is able to return home. Mrs. Cravens and her son, Tim, will go to the hospital in a few days. All Columbia is interested in the patient's early recovery.

The Citizens League meeting was well-attended last Sunday afternoon and good and wholesome speeches were made by Dr. Z. T. Williams, Judge H. E. Baker and Dr. U. T. Taylor. There has been no outbreak of influenza in Columbia, as the speakers stated, but there are evils that the league will make an effort to rid the town of and make the community as perfect in morals as possible. Ed. Z. T. Williams was elected President of the organization. Gov. J. R. Hinman Vice President, and G. P. Smythe Secretary. The League will meet once a month on Sunday afternoon at the Court house.

Resolutions of Respect.

Tampico Lodge, 419 F. & A. M.
Whereas, It has pleased the Grand Architect of our Universe to remove from our midst, and to his last resting place, our worthy brother, John J. Biggs, who departed this life February 26th, 1910, therefore, be it,

Resolved, That in the death of brother Biggs, our Lodge has lost a good and true Mason, his wife a true, kind and loving husband, and the community has lost a benevolent, upright and useful citizen.

Resolved, That we extend to the widow and relatives our heart felt sympathy, with the assurance that we mourn with them in their loss. We commend his life to the whole brotherhood, as worthy of emulation in every detail.

Resolved, That a copy of these resolutions be spread on our record book, a copy sent to the widow of our deceased brother, a copy sent to the Masonic Home Journal and a copy to the Adair County News for publication.

Is the Wheat Crop Failing.

The new inquires in the Federal Census concerning wheat are expected to reveal the immense progress made in this great crop. Fears that the supply will not keep pace with the demand have agitated the public from time to time, but in late years great areas have been added to the wheat acreage through the introduction of new varieties of wheat which were adapted to soil and climatic conditions. This is particularly true of winter wheat, which is to be listed separately from common spring. Campbell's epoch-making efforts in behalf of dry farming in connection with the introduction of Durum wheat, promises to turn the semi-arid region, covering millions of square miles, into one of the most prosperous sections in the world. Emmer and spelt varieties are playing an important role in helping to get wheat of great drought and rust-resisting power. Therefore it becomes important to take account of them in the coming agricultural census.

An Honest Confession.

Senator Aldrich, of Rhode Island, the acknowledged head and shaper of legislation for the Republican party for the past decade, in a speech in the Senate admitted that a business man could effect an annual saving of \$300,000,000 in the expenses of the government. It is said that the Senator's Republican colleagues looked at him in amazement. His declaration that \$300,000,000 of the people's money is annually wasted by a Republican Congress, of which he himself is a recognized leader, created something of a sensation among Congressmen, but the people have known for a long time that they were being beautifully and systematically worked and their pockets emptied for the benefit of a chosen few, but they really did not expect such an admission from Nelson B. Aldrich.

The Pennsylvania railroad has acquired sufficient stock of the Norfolk & Western Railway to give it absolute control of the road.

Pyrus.

We are having a few days of pretty weather and farmers are very busy.

Mr. T. A. Firquin of Cane Valley was visiting the family of Mr. W. S. Pickett one night last week.

Mr. G. D. Vance made a business trip to Columbia last Friday.

Mr. G. L. Vire of Keltner, was visiting his mother, Mrs. J. H. Vire last Sunday.

Mrs. C. W. Keltner was visiting her sister Mrs. R. O. Keltner of Gradyville, one day last week. J. A. Vire and Garlin Pickett were at Gradyville Sunday.

Married on the 1st day of March, Mr. Ed Pickett to Miss Zora Pickett, Rev. J. A. Johnson officiated. There was a nice dinner set at U. S. Pickett's the father of the groom with a large number of relatives and friends present. The bride is an accomplished young lady while the groom is a prosperous young farmer. May live a long and happy life.

Rev. Payne of Basil, will preach at Cool Spring school house the 2nd Sunday in this month.

Mr. C. W. Keltner bought two nice steers for \$40. R. F. Keltner sold one cow for \$30 also one aged mule for \$42. 50.

E. P. Sexton bought one mare of C. C. Pickett for \$75.

All the young folks attended the musical entertainment at W. Pickett's Tuesday night. All report fine music and a general good time.

Rev. Mr. Firquin and family of Keltner, attended the Pickett wedding Tuesday.

The Confederate Pension Bill.

It is possible that the lobbyists and corruptionists at Frankfort—commonly known as The Third House—will loosen their grip on the Senate long enough for it to pass the Confederate pension bill. It has already passed the House.

The bill provides \$12 monthly for Confederate soldiers who do not own over \$2,500 worth of property, either in their own or in their wives' names, or who have not an income free of in-embarkance of over \$500 a year. It is estimated that about 2,000 Confederate veterans in Kentucky may avail themselves of the benefits of this act.

The bill ought to become a law, and probably will. The old soldiers are passing as the snow in the sun, and what ever is done for them must be done now.—Glasgow Times.

Qualifications of Jurors.

A judge out in Missouri has taken a position on the qualifications of jurors that should appeal to laymen and attorneys alike, even if it does mark a rather radical departure from the methods of procedure that have been followed for many years.

In the trial of a case one of the attorneys, with the evident intention of challenging a juror, asked the familiar question whether the talesman had read accounts of the case in the newspapers. "What's the difference if he has read the newspapers?"

demanded the judge. "He'll make the better juror. To say that a man ought not to serve because he has read the newspaper accounts is saying in

effect that a jury of intelligence is objected to. That is not just ice, neither is it law."

Liberty.**Editor News:**

After eight hours of hard and tedious driving I arrived in the hospitable little capital of Casey county, at 5 o'clock in the afternoon of March 5th. The roads from Columbia to Dunnville were something fearful, if I may use that term, and a great many times the buggy axles would almost drag in the mud, and while driving along in a "snails crawl" as it were, I was reminded of the great amount of wind and money that is expended each year in the state of Kentucky for good roads with very little permanent and lasting results.

Adair county is one of the counties that needs a system of road improvement which will be substantial and worth something to the citizens and taxpayers of the county, and instead of banking up a lot of loose earth in the center of the roads only to become mud holes in wet weather, crushed rock and gravel are needed to make a road that will stand the wear and tear of heavy hauling.

It is not supposed that my suggestions along these lines will be heeded because there are men who will make it appear that they know it all with reference to good roads, and possibly they do not travel over 20 miles of road in the county during a whole year.

But I was only making a suggestion from the conditions which came under my observation along the first twenty miles of my trip to this place, and that territory is nearly all in Adair county. The road from Dunnville to Liberty is excellent, being a pike made of gravel and the grade is far above the average considering the country through which it runs.

From what I have seen of the town, Liberty, (although quite ancient in some of its buildings) it is one of the best little inland towns in this section of the state. The people are kind and courteous and they use every effort to make a stranger feel at home in their midst.

The town has three churches, two Hotels, a fine graded school, brass band, skating rink and a number of handsome and substantial business houses, and a court house that is said to have cost forty thousand dollars.

Business seems to be good in all lines and everything is on the go, from all indications. There are two daily mails from Liberty to Moreland Station and return. One by hack which carries the express also, the other by private conveyance. One mail arrives at noon and departs at 1 p. m., the other departs at 5 p. m. and arrives at 5 p. m. All mail coming to Liberty is brought via the Cincinnati Southern trains.

Possibly a great many of the readers of the News already know more about Liberty and Casey county than I do so I will close for the present.

I met Mr. T. C. Davidson and wife Sunday, they are both well and seem to be enjoying life.

TO-DAY.

Why should we crave tomorrow needs, For it belongs to God;

The thorns no more can pierce out feet

O'er the backward path we've trod,

The sun that beans on us-to-day

To-morrow may not shine,

Our weary eyes may close in death

Ere another day's decline.

The toil, the care, the pain, the woe

That seems to weigh us down,

The passing smile of truant joy

That changes to a frown,

Will pass away when nature balm

Of sleep is on us laid;

Tomorrow may bring greater rest

Than for which today we've prayed.

Why should we weep? Human kind

Why should ye e'er complain,

Why ye rebel against your lot

When all is invain.

Why censure God and nature too?

Your own misdeed hath caused your pain,

Your sin hath made you moan.

To-day is but a passing flash

"Of light across the sky,

It comes a hundred years to live

To-morrow day to die.

A thousand years are all too short

To make amends to God!

But we live a day and then we sleep

An age beneath the sod.

Just for today then make your woe

Good things to do and say,

Tomorrow may not find you here

Ye who are here to-day.

Just for to-day then live your life

To-morrow lies too far,

Or watch its foot upon its strand

Or watch its rising star.

Kings, princes, dukes, and lords can claim,

No life but just to-day

For e'er tomorrow come each one

May sleep beneath the clay,

Or human kind why should you care

Why should you watch and weep,

Why should you look to-night

May bring eternal sleep.

Farm Notes.

Time lost by the hens will soon be made up if conditions are favorable.

The hen with a frozen comb is a non-producer.

Poultry houses so long as to create drafts are not to be recommended.

Dampness in the poultry house, yards or runs is often a source of trouble.

Lack of charcoal, grit, green and animal foods in sufficient quantities spells failure.

Lack of a constant supply of clean, pure fresh water before the fowls means defeat in the end.

Too exposed, too low, or too warm a location for a poultry plant is a frequent cause of disaster.

Have you culled out all the unprofitable birds? If not, do it at once and give the others a chance.

A feed of finely-chopped onions, once a week, is a tonic that helps to keep broilers lively and healthy.

It is claimed that sheep fed a small quantity of flaxseed once a week are not likely to suffer from colic.

Again we mention water, it is needed by the hens plenty of it, when they are fed mostly dry grains.

The best incubator can not be named since some are better in certain respects and some in others.

Chickens, like sheep, do best when their feet and backs are kept dry.

Do not give horses water immediately after eating. An hour after they have finished their meal is soon enough to water them.

Some horses are predisposed to colic and a straw and corn diet is almost sure to cause trouble at frequent intervals with such cases.

In order to get a strain of blood established, it is not only necessary to breed in line, but to select and breed the choicest standard birds each year.

There is enough lime in 100 pounds of clover for 200 eggs as with shell it is claimed by good poultry authority.

Every one has his favorite among the many breeds of poultry. And each breed has certain points in its favor not possessed by the other.

A good currying occasionally does not make a sleek horse. It takes everyday grooming to open the pores, soften the skin and produce a good healthy, sleek coat.

Give the hen that takes a notation to become broody this early in the season a little time to become established before giving her eggs. She is very apt to change her mind at this time.

There seems to be an intimate connection between the price of corn and of hogs and the intelligent farmer will weigh these prices carefully before deciding to cut out hogs and sell corn.

The eggs from very fat turkeys will not hatch so well, and they are apt to be soft shelled. So be careful and not feed corn too heavily during the winter.

The better the food you give your hens the better and more wholesome will be the eggs. Some folks who consider any old stuff that spoils about the house good enough for the hens perhaps have never thought of this.

There is no better butter any where than that turned out from the home dairy in the old fashioned way, with all the conditions right. At present prices it pays to see it to them are right.

How Good News Spreads.

"I am 70 years old and travel most of the time," writes H. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by Paul Drug Co.

Costs More to Die.

February 17.—It even costs you more to die these days. Ten years ago, you could contract a nice case of fever, go to a hospital, receive medical attention, be nursed, die and be buried for about \$150. Now since the trusts, aided and abetted by the tariff, have pushed up the price of everything, it will cost you about \$200 or \$225 to die and be buried. The trusts are making money out of the increase in the price of death and burial, if what Kansas City doctors, nurses and undertakers say is correct. Coffins and graves have increased in price almost 50 per cent in the last ten years. Lumber, silk, imported woods and other articles, many of them imported, have almost trebled in price because of the tariff. Undertakers say the trusts are reaping a rich harvest in dollars because of the increased cost of living, many nurses and physicians have boosted their scale of fees. A further increase is expected.—Kansas City Paper.

One very excellent thing about the inquiry being made into the cost of living is that everyone with a grievance is eager to tell it. The farmer has his troubles, though he has been pictured as the only complacent person concerned. The commission men have a set of complaints almost as long as some of the railroads against which they charge extortion. The wholesaler and the retailer are angry at each other and at others with whom they have dealings.

There is nothing like a long-stemmed tide of wrongs to bring about the correction of evils. The anger of years is being aired. The unfairness is put on public exhibition. Favoritisms and petty gouging, business brigandage and commercial rapacity, are all being explained and put down in the minutes. If any evil practice escapes examination it will not be for want of willing witnesses.

It begins to look as if the ultimate consumer is to come into happier days.

Stubborn As Mules.

Are liver and bowels sometimes seen to balk without cause? Then there's trouble—Loss of Appetite—Indigestion, Nervousness, Despondency—Headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver remedy. So easy, 25¢ at Paul Drug Co.

The cornerstone of the new Normal School at Bowling Green was laid with appropriate exercises Saturday. Gov. Wilson was present and delivered an address.

The Adair County News.

Published Every Wednesday

BY THE ..

Adair County News Company.
INCORPORATED.

CHAS. S. HARRIS - EDITOR

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Mailed at the Columbia Post office as second class matter.

WED., MAR. 16, 1910,

Hon. W. J. Price, who has been a candidate for the Democratic nomination for Congress in the Eighth district, has withdrawn from the contest.

The Kentucky Legislature will adjourn to-day, (Wednesday) and the whole State is glad. It will go down in history as a body of men who met to disagree.

News comes to Columbia that there were only three men in the Kentucky Legislature who stood four square to every wind—Eky Bertram, Claud Thomas and Jack Chinn.

Hon. Ben Johnson has been nominated for Congress from the Fourth district. The Committee of the district also recommended him as the Democratic candidate for Governor. It seems that in his effort to down Mr. Johnson, former Governor Beckham has a job on his hand.

A necktie entertainment with Sanford Love as the principal actor should be announced as quickly as possible. He called at the home of his fiance, Miss Lottie Murden, Marion, Ill., and shot her twice in the breast and once in the back as she turned

from him. She died in a few hours. Eight years ago Love shot Miss Nora Miller to whom he was engaged. She recovered. Love has been permitted to live too long, and the quicker his neck is stretched, the better the country.

The Somerset Journal was twelve years old Tuesday, the 8th inst. It has been Democratic from the start, and notwithstanding it is published in the largest Republican county in the State, it has prospered from its first issue. Mr. Woodson May has edited the paper since the death of Mr. Campbell, proving himself to be a capable newspaper man. By the way, Mr. May is a probable candidate for the Democratic nomination for Clerk of the Court of Appeals and the selection of him would make a strong candidate.

There is not a doubt in the minds of the people as to the guilt of Mrs. Cudahy, the Kansas City Society woman, whose escapades with banker Jere Lillis, were reported last week. At the time the affair came to light the sympathy of the whole country was with Mr. Cudahy, notwithstanding he lied and slashed the disposer of his home in a horrible manner. Now comes the report that a reconciliation will be brought about, and that Mr. and Mrs. Cudahy will again live together. If that is a fact sympathy for the husband will vanish.

Some papers in the State are making a great deal of noise because the Legislature failed to pass certain measures, claiming that the Democratic party will be the loser. It is impossible for a legislative body to please every-

body. If we could have had our bills that were rejected passed, but because we did not get our desire in the matter, does not make us any less a Democrat. When the next State ticket is put out we will stamp under the rooster and let our vote go gallagh, and we believe all other good Democrats will do likewise.

FOR THE LANDS SAKE USE BOWKER FERTILIZER?

I have been selling the Old Bowker Brands for the past six years and my trade has increased from year to year, and this is evidence to me that the Bowker Fertilizer is the best made for this section. I Have sold these goods to leading farmers all over the County, who have thoroughly tried and tested them, and will tell you Bowker Fertilizers are the best money can buy. You may buy goods for less money, but remember that cheap Fertilizers are very dear indeed when you come to harvest your crop. Remember that Bowker's Ky. Special and Tobacco Grower have an extra high per centage of Potash.

I will be at my old stand in due time for Spring Trade with a full supply of Bowker goods. Call and see me and get prices. I will also sell Homestead.
